## APPRENTICESHIP GRANT OF £1,500 (Limited availability)

Important Information For Employers Looking to Employ a 16 – 24 Year old Apprentice

### What is an Apprenticeship Grant

It's available to businesses looking to recruit a 16-24 year old apprentice who have less than 250 employees and haven't employed an Apprentice in the past 3 years.

### When will the Grant be available?

It's available now and until March 2013. However there are only 40,000 available across the whole of the UK, so you should consider employing a 16 – 24 year old Apprentice sooner rather than later.

### When and how is the Grant paid?

It is paid in 2 instalments by YH.

- You receive the first instalment of £750 once your Apprentice is employed and reaches the 8 week point of their Apprenticeship qualification
- The second instalment of £750 will be paid when they have completed month 12 of their qualification.

### How do I source an Apprentice?

Our dedicated Business Development Advisors will work with you to ensure that we attract a choice of high quality young people for you to choose your Apprentice from.

We will advertise the vacancy on your behalf and shortlist the candidates ready for interview in line with your specific requirements.

### How many Apprentices can I employ?

As long as you don't currently employ more than 250 staff, then:-

- Subject to the availability of the grants
- Your commitment to support the Apprentice to the end of their qualification,

You can employ up to 3 Apprentices.

However you do need to commit to the total number of apprentices you wish to employ through the grant at the start of the process.

### What should I do now?

### What do our existing customers say?

Andrew Page has been working closely with YH Training since 2007, and in that time the relationship has gone from strength to strength. The abilities of the Account Manager to be able to work with Andrew Page to bespoke the delivery and assessment has meant that a much smoother delivery now takes place, with both sides benefiting and understanding the needs of the Assessors, the Managers, and most importantly the Delegate. We work with YH in our Apprenticeship programme, working closely with our HR department and successfully taking on apprentices, of which some now hold full time jobs within Andrew Page.
